MISSION STATEMENT

Providing creative, reliable, and functional uniforms and equipment for aquatics and leisure professionals

WWW.WATERSAFETY.COM
Why Choose Water Safety Products?

Superior Quality Products
Our determination to offer superior quality and advanced performance products is reflected in all we do. With over 28 years experience in manufacturing swimsuits for professional lifeguards, our dedication and product quality are unmatched. We are a company team that defines not only a passion for quality and service but an unsurpassed dedication to lifeguarding around the world.

Sizing
We provide sizes from XS to 6XL in our most popular styles and colors.

Made in the USA
Whenever possible we provide products that are made in the USA. All of our lifeguard swimsuits are manufactured by us, using American fabrics and American seamstresses.

Constantly innovating
Since 1989, we have been listening to our customers and developing award-winning products. We have been recognized and awarded many times by industry leaders.

Unparalleled Customer Service
We are committed to serving our customers both stateside and around the world. We do everything possible to make your purchases and deliveries simple and efficient. Lifeguard uniforms are in stock year-round and available for immediate delivery.

E-Commerce
E-Commerce business with Water Safety Products Inc. offers immediate access to product details and 24/7 online product purchase, with real-time freight quotes and unmatched functionality.

Committed to Value
As a manufacturer/supplier, our commitment to value is central to our business. From the value of every detail in all our products, to the value you get when your lifeguard team is professionally uniformed and equipped, Water Safety Products offers the highest quality products in our industry, with sensitivity to your budget.

MADE IN THE USA
Designates products made in the USA

**Men's and Ladies' Lifeguard Short Fabric**
Durable high performance 4 oz. 3-ply laundered nylon featuring a premium quick dry finish and UV inhibitors. Breathes and feels like cotton. Includes men's style's #922, 916, 922W, ladies' styles #912, 912W.

**Ladies' Lifeguard Swimsuit Nylon/Lycra Fabric**
Durable 5.8 oz. warp knit 4-way comfort stretch fabric features 77% nylon, 23% Xtra Life Lycra® fiber. Xtra Life Lycra® features superior chlorine, mildew, and chemical resistance. Includes ladies' styles: #909, 907, 908, 909T, 902T, 909MK, 902B.

**Men's Lifeguard Short Liner Fabric**
Ultrasoft polyester micro mesh for comfort and moisture management. Includes men's styles: #922, 916, 922W.

**Ladies' Swimsuit Liner**
Comfortable 4.4 oz. warp knit 4-way stretch fabric featuring 80% nylon, 20% Xtra Life Lycra®, giving our ladies' liner superior chlorine, mildew, and chemical resistance. Includes all ladies' swimsuits.

**Men's and Ladies' Stretch Short Fabric**
Ultrasoft 5 oz 90% polyester microfiber with 10% Spandex for movement and comfort. Includes men's #928, 929 and ladies' #926, 923.

**#910 Ladies' Lifeguard Swimsuit Performance Polyester/Spandex Fabric**
Durable 6.0 oz. performance polyester comfort stretch fabric features 84% Polyester and 16% Spandex; chlorine and mildew resistant.

**Ladies' Swimsuit Stitching**
Exclusive zig zag technology gathers the suit fabric for greater stretch and comfort, allowing a much wider range of fit. Includes all ladies' swimsuits.

**Rash Guard Fabric**
High tech four way stretch tricot fabric protects the skin from the sun with an SPF rating of 150 (50 UPF), blocking 98% of the sun's harmful rays.

**Elastics**
Chlorine, mildew, and chemical resistant elastics prolong the life and the stretch of the suits.

www.WaterSafety.com
LOGOS

Water Safety Products, Inc. offers premier embroidered logos for commonly purchased items such as men’s and ladies’ uniform swimsuits, hats, polo shirts, jackets, lycra rash guards, and travel bags.

Water Safety Products’ Standard Lifeguard Logo
Standard Lifeguard Logo includes the word Lifeguard and a rescue cross.

Embroidery Charge: See our website.

Returns: Standard Lifeguard Logo is RETURNABLE if logo is placed on the left leg of men’s and ladies’ shorts, and the center chest of ladies’ suits. Credit only, less 15% restock fee, if returned within 30 days of purchase.

Custom Standard Logos
We can offer a variation of our standard logos, affording you the opportunity to customize your uniforms without incurring the expense of a true “custom” logo. The standard rescue cross can be encircled with your choice of wording; for example, City of Orlando Lifeguard. There is no setup charge for this option.

Embroidery Charge: See our website.

Returns: Items with Custom Standard Logos are NOT RETURNABLE.

Specialty Program Logos
Use these logos on any embroiderable item.

Returns: Items with Specialty Program logos are NOT RETURNABLE.

Lifeguard Agency Logos
At your request, we offer many Lifeguard Agency logos. Call for more info.

Returns: Items with Lifeguard Agency Logos are NOT RETURNABLE.

www.WaterSafety.com
Custom Screen Printing

We offer custom screen printing for a variety of items such as T-shirts, technical shirts, sweatshirts, Lycra rash guards, and rescue tube covers.

Standard lead time for screen printing is 14 business days after art approval. Call 1-800-987-7238 Ext. 113 for lead times, large quantities or any special handling.

- Artwork should be in a vector file format such as .ai, .eps, or Corel Draw.
- Additional art charges may be added if art is in an unacceptable format
- Include font and size desired if typesetting is requested
- Unless a specific size is indicated, Water Safety Products, Inc. will determine the most appropriate size for your screen print
- There is a minimum of 12 pieces for an order requiring screen printing
- A screen set-up charge will be assessed on all non-repeat orders
- We reserve the right to adjust the size of any layout or letters to fit the garment in the most attractive way possible

Rush Services: Rush services are available; just ask. Additional charges for rush service may apply. Please keep in mind that we are in the Eastern time zone.

Returns: Items with custom screen printing are NOT RETURNABLE.

Custom Embroidered Logos

Artwork: Artwork for your logo can be E-mailed to art@watersafety.com. We accept most graphic art files. Clean, hard copy artwork is also acceptable.

Embroidery File: One-time charge for creation of embroidery file; see price list. If you currently own an embroidery file, it can be emailed to us. We accept standard embroidery formats such as Tajima and Melco. There is no setup charge if you own your own embroidery file.

Logo Size: Dimensions of embroidered logos are approximately 3” x 3” for typical uses include swimsuits, shirts, bags, jackets, and hats.

Embroidery Charge: The per-item embroidery charge is based on the stitch count. Call 321-777-7051 Ext. 113 for details.

Production Time: Allow 10-14 days for a new embroidery file. Allow 3-5 days for completion of order once you have approved your design.

Returns: Items with custom embroidered logos are NOT RETURNABLE.

**Portable Oxygen Unit**
The “D” size cylinder contains a supply of approximately 28 minutes, and is refillable. Easy on/off toggle switch. Durable double-wall molded plastic carry case. Includes hose assembly, BigEasy, and nasal cannula. Complete system weighs just 13 1/2 lbs. Meets FDA requirements.

### #7402-15 Fixed Flow Portable Oxygen Unit
Fixed flow regulator, 15 liters per minute (nothing to adjust).

### #7402-ADJ Adjustable Flow Portable Oxygen Unit
Adjustable flow regulator, 0-15 liters per minute. Also includes standard two-prong adult nasal cannula and 1 standard connector.

---

**Non-rebreather Mask**
Non-rebreather mask with reservoir, 7’ oxygen tubing, adjustable nose clip, and check valve.

### #5023 Adult
### #5013 Child

---

**#407-127 “D” Size Oxygen Cylinder**
“D” size oxygen cylinder with gauge. **Shipped filled with oxygen** (Mainland US addresses only — excluding Florida).

---

**#477-25 “D” Size Carry Case**
Emergency response hard plastic carrying case made to protect “D” size oxygen cylinder #407-127.

---

**#479-15 Fixed Flow Regulator**
Fixed flow (15 lpm) regulator for portable oxygen unit.

---

**#479-26-15 Adjustable Flow Regulator**
Adjustable flow (0-15 lpm) regulator for portable oxygen unit.

---

**#407-303 Nasal Cannula with Tubing**
Adult nasal cannula with tubing.

---

**#488-214 Oxygen Tubing**
7’ oxygen tubing with standard connectors at both ends.

---

**#2603 First Response Bag**
Holds the AED, D size oxygen in or out of its hard case, BVMs, and suction unit, with room to spare. Includes Velcro® strap and pads to secure O2 unit. **Versatile, clear plastic windows allow you to insert cards describing the contents of each compartment.** Made of rugged polyester, with water-resistant finish and PVC backing. AED compartment 12”x12”x6”. Overall measurements 22”x16”x12”.

---

All O2 units shipped to US mainland addresses (except Florida) are delivered complete with 406 liters of oxygen.
AED HeartStart FRx AED
HeartStart FRx Defibrillator package includes one set of Smart Pads II, long-life 4-year battery, and 8-year manufacturer’s warranty.
- Coaching assistance with CPR – one push of a button. Smart Pads II can be used for both adult and pediatric defibrillation (Child/Infant Key required for pediatric defibrillation).
- Small, rugged, and lightweight, just 3.5 lbs.
- Multi-use features include adult and pediatric dual use, AED training, CPR coaching.
- Available options (at additional cost): Child/Infant Key steps down unit for pediatric use without changing pads; training pads to convert the FRx to a training unit; and carrying case.

Physician Authorization is required for AED purchase, and must be validated. If you do not have Physician Authorization, a Medical Direction contract is available for purchase.

AED-TX FRx Training Unit
The HeartStart FRx Trainer simulates how the HeartStart FRx Defibrillator will operate during a real-life cardiac arrest event. Accepts Infant/Child Key for pediatric defibrillation training. Uses four standard AA batteries (not included).

AED-FRXC FRx Carrying Case
Semi-rigid case has enough room for a spare battery, spare electrodes, and an Infant/Child Key. Self-check indicator can be seen through clear window.

AED-KEY FRx Infant/Child Key
The Infant/Child Key turns the HeartStart FRx into a pediatric defibrillator, tailoring the voice instructions and therapy to the needs of a child. One pad set works for adults, children, and infants.

AED-TR2 FRx Training Pads
Used to activate the FRx’s training mode and suspend its ability to deliver a shock, or used with a HeartStart FRx Trainer. Includes one pair of reusable adhesive pads with integrated cable and connector.

AED-FRXP FRx Smart Pads II
Smart Pads for the HeartStart FRx Defibrillator can be used for adult, child or infant defibrillation. Infant/Child defibrillation requires optional infant/child key.

#35008 Statpacks G3 Breather Trauma Bag
Unique design allows access to the main compartment from the top or front bag.

#33004 Oxygen Module
Oxygen module for Statpacks G3 Breather trauma backpack. This emergency oxygen tank holder is designed to accommodate most D and Jumbo D tanks.

Fiberplate® stair tread covers are a convenient way to provide solid, slip resistant footing for existing treads that are still structurally sound. Stair tread covers may be installed over wood, concrete or metal steps. Standard color is light grey with a highly visible safety yellow nosing.

An integral aluminum oxide aqua grit-top surface provides secure footing for maximum safety and a highly durable tread (industrial grit available upon request).

These tread covers are available in 8”, 9”, 10”, 11” and 12” depths. Each 12’ panel can be cut and sealed to your specific width. Also available in 1/4 thickness as a custom order.

#8-8 Tread Cover
12’ x 8” x 1/8” Thickness
#8-9 Tread Cover
12’ x 9” x 1/8” Thickness
#8-10 Tread Cover
12’ x 10” x 1/8” Thickness
#8-11 Tread Cover
12’ x 11” x 1/8” Thickness
#8-12 Tread Cover
12’ x 12” x 1/8” Thickness

AquaDek
COMPOSITE GRATING

Specifically engineered to withstand the corrosive conditions associated with recreational and general marine applications. Meets ADA guidelines and offers optimum comfort and safety for bathers with bare feet.

Applications:
• Public swimming pools
• Water parks/ theme parks
• Marinas
• Zoos

MeshDek
COMPOSITE GRATING

The square top mesh has a maximum opening of 1/2" inch and meets the ADA guidelines. The mesh grit surface is slip resistant and barefoot friendly. MeshDek meets Army Corps of Engineers guidelines and is storm surge friendly.

Benefits:
• Low maintenance
• Barefoot friendly
• Corrosion resistant
• Lightweight
• Low-cost installation

Fiberglass reinforced plastic (FRP) grating.
TERMS AND CONDITIONS

It is our mission at Water Safety Products, Inc. to assist in saving more lives by working in partnership with Lifeguard Professionals around the world, providing the creative, quality equipment and uniforms needed to perform their ever-vigilant duties in times of water emergencies.

Delivery:
Water Safety Products, Inc. stocks inventory year-round, with our peak shipping season being March through June. Orders normally leave our warehouse within 48 hours. No delivery request is considered unreasonable; please don’t hesitate to ask. Please keep in mind that custom orders require additional lead time; call for delivery information on your custom order.

Commercial Orders:
Terms are either 2% 10 days or Net 30 days, with approved credit only. Terms will not be considered until a credit application has been completed and approved by credit department. We also accept all major credit cards.

Government Purchase Orders:
Military, government agencies, and municipalities are 2% 10 days or Net 30 days with approved purchase order, or credit card.

International Orders:
We gladly accept international orders – we are the number one international shipper in the lifeguard business! Goods will be shipped after bank acknowledgment of funds transfer. Other payment options are Visa, MasterCard, American Express, or Discover. When a Pro Forma invoice is required for advance payment, no order changes will be accepted after the Pro Forma invoice is issued.

Personal Orders:
The only accepted method of payment is by major credit card. When calling for an order, please have your order information, credit card number, and credit card billing address available. **Freight Charges are added to all orders.**

Samples:
Samples are available on request. They are billed Net 30 days, or to your credit card. You may inspect the product and return it unused within 30 days for full credit. If you prefer to test the garments, the invoice must be paid within 30 days.

Returns:
ALL RETURNS MUST BE AUTHORIZED. Caller will receive a return authorization form. This form, plus a copy of your original invoice, must be included with your returned goods. There is a 15% restock fee, unless the return is due to our error. No returns are allowed after 30 days. No returns on custom goods.

Swimsuit Returns:
Swimwear that may be defective and is being returned for our inspection MUST BE LAUNDERED AND CLEAN, or it will not be considered for replacement.

Allowable Swimsuit Returns:
• Unused suits in new condition
• Center chest lifeguard and cross embroidered women’s suits
• Left leg lifeguard and cross embroidered men’s suits

Swimsuit Returns Not Allowed:
• Silkscreened logos of any type
• Custom embroidered swimsuits
• Lifeguard and cross embroidered women’s suits if you choose left hip placement
• Lifeguard and cross embroidered men’s suits if you choose logo placement other than left leg

Cash Refunds:
Cash refunds will be issued only in the case of overpayment, NOT on returns. Credit to your account will be issued on returns. This credit must be used within one (1) year of issue date.

Freight Charges:
Freight charges are added to all orders, which are F.O.B. Indian Harbour Beach, Florida.
Hours of Operation:
M-F 8:30am to 5:30pm Eastern Time
