

Thermoplastic Staircase

*Hand rails by
Strongwell.*

*Hand rails not
included.*

ValuStair™ - Professionally engineered, one-piece, 20-riser staircase section with non-skid surface, compliant with OSHA standards.

ValuStair™ - Ready for on-site new or retrofit installations. Ideal for indoor/outdoor applications such as slide towers, pump rooms, mezzanines, work platforms, fire exits, and more. Standard configuration is 22' x 4', with an 11'8" rise. Easily segmented for custom sizing.

ValuStair™ New Green Technology:

Uses Sheetless ThermoForming™ Technology. No VOCs generated during the manufacturing process. Low energy usage for production. 0% waste stream. Uses recycled resins.

ValuStair™ Includes:

- Self-supporting design, with 12" structural channel stringers, eliminates on-site construction
- 11" closed riser treads and 1/2" radius bullnose
- Slip-resistant treads, ASTM D2047; dry 1.21, wet 0.67
- Load 400 lbs. per sq. ft.
- Deflection less than 3/16 inch
- Safety factor-12
- Custom colors also available, including Glow in the Dark !

ValuStair™ offers a low-maintenance, corrosion-free alternative to traditional stair units
HDPE does not conduct heat (barefoot-friendly) or electricity

ValuStair™ Materials:

- Staircase – HDPE with UV stabilization and color pigment
- Stair treads – chemically cross linked polyurethane coating with UV stabilization
- Composite stringer supports

ValuStair™ Shipping Information:

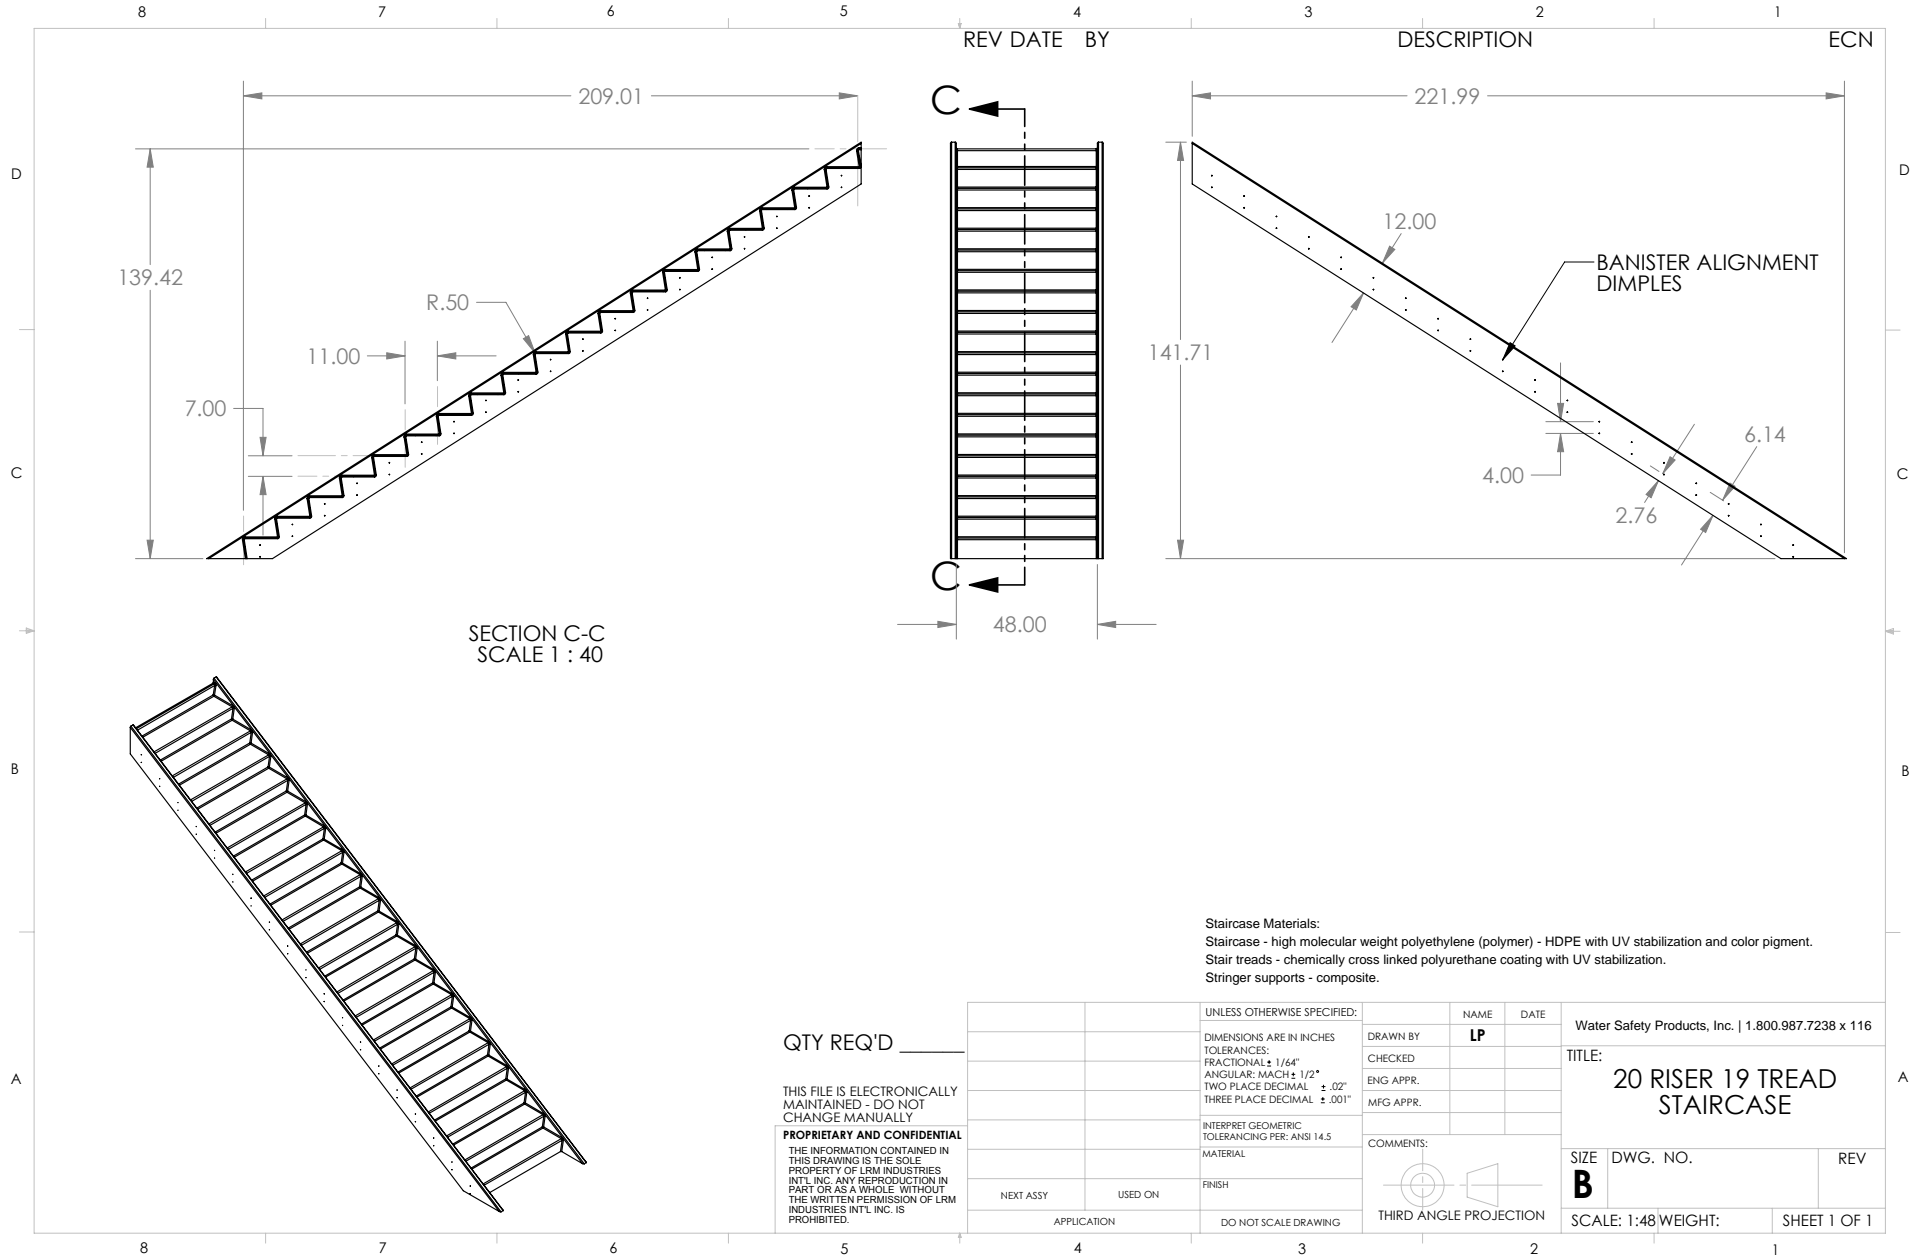

- Total stairway weight 460 lbs.
- Dimensions 22' x 4'
- Shipping by container or truck
- FOB Rockledge, Florida
